MICROCHIP AUTHORIZATION FORM

Reuniting lost or stolen pets with their owners is a top priority at BrightSide Animal Center. In addition to standard identification tags worn on a collar, we strongly recommend that your pet be permanently identified with a microchip. A microchip is the size of a grain of rice, and is implanted between your animal's shoulder blades. The microchip is encoded with a one-of-a-kind number. You will need to register this number online at www.24petwatch.com at no additional charge. Please do not forget to register your microchip online as it is the most important step to ensure your pet is reunited with you in the future! Once a lost pet arrives at an animal shelter or veterinary clinic, a handheld scanner is used to identify the unique number on the implanted microchip and the owner is identified and contacted. The implantation procedure is similar to a vaccine injection using a slightly larger needle. Pets of all species, breeds and ages can be microchipped. A microchip is **not** a tracking device or a GPS transmitting device. Animals with microchips cannot be tracked or monitored from a remote location.

Owner Information:

Name: _____ Date: _____

Address: _____

Phone number: _____ Email: _____

Animal Information:

Name: _____ Age: _____

Species: _____ Breed: _____

Gender: _____ Color: _____

I, being of legal age and responsible for the above-named animal, hereby authorize and direct BrightSide Animal Center to implant a microchip in the aforementioned animal. I have been informed of possible complications and have asked any questions I may have prior to signing below. I fully release BrightSide Animal Center, its employees, and its agents from any legal and financial responsibilities, claims, demands, damages or actions arising from microchipping my pet.

Signature of Owner: _____ Date: _____
